# What's New at DHS?

## CARING FOR YOU, CLOSE TO HOME

VOLUME 2019 SPECIAL EDITION

JUNE 2019

## Change has arrived at DHS!

There are two things that cannot be stopped, time and change. Change is inevitable and Digestive Health Specialists, PA is not immune. Time has brought a change in leadership for our practice. We would like to start by extending our gratitude and appreciation for all Jacquelyn Tillinger, our previous CEO accomplished in four years of service. During her time, Jackie transitioned us through the retirement of founding and tenured physicians as well as bringing talented, energetic providers to continue directing and shaping DHS. We sincerely wish her the best in all her future endeavors; she will be missed, but will always be part of the DHS family.

On the other hand, we are excited to introduce you to our new CEO Craig Penno who joined DHS at the end of April. Craig served as CEO at Dayton Gastroenterology and brings to DHS over 18 years of experience. In his time at Dayton Gastro, he grew the practice by adding value to patients; by providing comprehensive medical support systems for their patients. The practice grew to include 25 physicians and 9

PA's and nurse practitioners, pathology services, anesthesia services, a pharmacy, an infusion center, and beginning virtual visits (AKA Telemedicine).

He has a BS Degree in Management and an MBA with a concentration in Finance from Wright State University. On a personal note, he has been married for 34 years, has an adult daughter who is married and has 2 children. He also has a fur baby, MoYing the Pug.

In Craig's own words, "I'm very excited to be part of Digestive Health Specialists! DHS is an impressive operation. I am proud to be a part of it. I'm hoping to take DHS to the next level. That's my goal. My deepest core belief is that all success is the result of service. This means that when a person/company offers exceptional service, the rewards will come and will continue to grow. I love providing services to customers where they get increasing 'value'. I love working with people and watching them learn and grow and as a result, the company gets the benefit of that personal growth. It starts with the people."

Dr. David Ramsay,

**Craig Penno**  
New CEO to DHS

physician at Digestive Health Specialists, PA said about Craig, "During Craig's time at Dayton Gastroenterology, the group experienced a tremendous amount of growth and success. His reputation is stellar. This is truly an exciting time for DHS!"

We agree! Welcome to the DHS family Craig Penno!
